

YOU CAN'T FOOL THE PUBLIC!

The Price tag doesn't sell the house. People look at every part of it and they're looking for value every inch of the way... That's exactly what La May builders had in mind when they planned the "HOME OF RUSTIC CHARM" ... you get every dollar's worth ... You'll see a home with modern up-to-date practicability and also a home that has an atmosphere of warmth and charm.
